

White Castle's Response to Covid 19

As a family owned business we are doing all we can to take great care of our team members as well as serving hot and tasty affordable food for our customers.

In recent weeks, a shortage of team members in some neighborhoods has led to limited hours of operation for some of our restaurants. We will do our best to keep you posted when Castle operating hours vary, and we are also working hard to be open as many hours as possible.

In the days ahead, we will remain focused on our customer and team member good health and safety. In all the neighborhoods we serve, we will continue to follow CDC and local health department guidance.

Thanks, always, for your understanding.
